<div align="center">Browser Support</div>

IE 8 – You must turn on compatibility mode.   You can find this under the tools menu, once enabled the site should always come up in compatibility mode.

Chrome – Site does not function.
Safari – Site does not function.
Firefox 3.0.5 or later – Does not work
Opera – Does not work
IE 6 – Does not work
IE 8 beta – had various issues, upgrade to not beta version eliminates issues.

Firefox 2.0 - Quick Find, Query Builder and Printing do not work.   Printing will actually lock up the browser window.   Help does not work.   Below are the settings used for testing.
